

DCU API Document

1. officerLogin endpoint: ...officerLogin.php { "response" : { "code" : 200, "message": "Success", "data": {
"user_details": [{ "device_token": 1, "officer_email": "" "officer_password": "" },],
}}, }

2. Statistics endpoint: ...updateStatistics.php params: [`institution_id, user_id, device_token'] { "response" : { "code" :
200, "message": "Success", "data": { "statistics": [{ "total_applications": "100", "pending_applications": "40",
"approved_survey": "60", "refused_survey": "50", }
], "applications": [{ "id": "1", "application_number": "DCU20231234", "applicant_name": "Hassan Bhagash",
"application_type": "normal building application", "application_location": "Mlandege", "offer_no": "DCU.09",
"status": "New",

```
}
```

```
], "surveys": [ { "id": "1", "application_number": "DCU20231234", "applicant_name": "Hassan Bhagash",  
"application_type": "normal building application", "application_location": "Mlandege", "offer_no": "DCU.09",  
"status": "New",  
}, ], }, }, }, },
```

3. Reset Password endpoint: ...resetPassword.php { "response": { "code": 200, "message": "Success", "data": {
"Contant Applicant": { "id": "1", "officer_id": " ", "institution_id": "", "old_password": "", "new_password": "",
"confirm_password": "",
}}}}

4 .Applications endpoint: ...getApplications.php params: [`institution_id, user_id,device_token'] { "response": { "code":
200, "message": "Success", "data": { "Applications": { "id": "1", "institution": "", "application_number": "", "applicant_name":
"", "applicant_phone": "", "application_type": "", "application_location": "", "application_address": "", "status": "",
"offer_no": "", "application_descption": "We have reviewed the documents and application form visit the site for survey",
"attachment": "*.pdf", "initiated_date": "",
"contant_applicant": "", "reason_for_contant": "",
}}}}

5. Applications By ID endpoint: ...getApplicationsById.php params: [`device_token,
user_id,institution_id,applications'] { "response": { "code": 200, "message": "Success", "data": { "Applications by
ID": { "id": "1", "institution_id": "", "officer_id": " ", "application_id": "",
}}}}

6. Contant Applicant endpoint: ...contantapplicant.php params: [`institution_id, user_id,application'] { "response": {
"code": 200, "message": "Success", "data": { "Contant Applicant": { "officer_id": " ", "application_id": ,
"institution_id": "", "reason_for_contant": "",
}, }, }, },

7. initiatedDate endpoint: ...saveinitiatedDate.php params: [`institution_id, user_id,application] { "response": {
"code": 200, "message": "Success", "data": { "Contant Applicant": { "id": " ", "application_id": ,
"application_number":, "date": "" ,
}, }, }, },

8. Surveys endpoint: ...saveSurvey.php params: [`institution_id, user_id,device_token] { "response": { "code": 200,
"message": "Success", "data": { "Save Survey": { "officer_id": " ", "application_id": , "institution_id":, "plot_area": "",
"built_up": "",
"number_parkings": "",
"plot_coverage": "",
"plot_ratio": "",
"number_stories": "",
"frontage": "",
"rear": "",
"side1": "",
"side2": "",
"existing_structure": "",
"existing_intrastructure": "",
"other_features": "",
"descprition": "",
}, }, }, },

9. All Survey endpoint: ...getSurveys.php params: [`institution_id, user_id,survey] { "response": { "code": 200,
"message": "Success", "data": { "Contant Applicant": { "id": " ", "officer_id": " ", "application_id": , "institution_id":,
"status": "",
}, }, }, },

10. Survey By ID endpoint: ...getApplicationsById.php params: [`device_token, user_id,institution_id] { "response": {
"code": 200, "message": "Success", "data": { "Applications by ID": { "id": "1", "institution_id": "", "officer_id": " ",
"application_id": "",
}}}} }
